- Multiple crosslines
- Tripod mountable
- Indoor & outdoor use
- 50m+ outdoor range
- Water & dust resistant
- Dual reading detector

The XL5s suit:

- Electricians
- Builders
- Tilers

Powerline XL5 Crossline **Code:50030**

4 horizontal 4 vertical lines + plumb down

Top of the range in our crossline range, the XL5 has a full 360° horizontal line and either two or four vertical lines.

Motorised automatic self-levelling, when unit is turned on it generates a 180° horizontal line and plumb down. At a push of a button complete the horizontal line and active either two or all four vertical lines. Vertical lines create the plumb up. The XL5 can run off mains or batteries.

Simply push the 'outdoor' mode button and the laser will operate via the supplied detector to a minimum 50m radius.

Self-levelling: Motorised Indoor working radius: 10m
Outdoor working radius: approx. 50m with detector (supplied)
Levelling range: 8° Accuracy: +/- 1mm/7m horizontal & vertical
Accuracy at zenith: +/- 1mm/3m Battery usage: 8 hours continuous
Batteries: rechargeable.
Supplied with a XL Series Tripod Spacer.
