All of the Spot-on Powerline range of lasers have Class II 'Blink Safe' lasers that meet AS/NZS Standards

Tripod base

Suction base

Rough base

AccuLine 180 Laser Line Generator

Code: 70000

Projects a bright, level, laser line. Fans out from the tool at a 120° angle.

Innovative laser rotation scrolls 180° from horizontal to vertical and around to horizontal with positive stops every 45°.

Laser precision: accurate to +/-3mm at 10m.

Wide angle fan beam projects on up to three walls or floor and ceiling.

AccuLine 180 comes with three mounting units, tripod, a 'no mark' suction base for use on finished walls and tiled or glass surfaces and a rough surface base which is held on the wall by self-releasing pins.

Can be mounted with any standard tripod.
