

## New General A3 Automatic Self-levelling (Horizontal & Vertical) Rotary Laser Level and Detector

**Code: 70008**

**The General A3 suits:**

**Concreters**

**Builders**

**Renovators**

**Serious Handymen**

New to the General range, the General A3 is a high end DIY and entry level trade quality automatic self-levelling rotating laser that does horizontal and vertical levels and is easy to use.

Motorised automatic electronic levelling in for stability, the General A3 has 'out of level' Tilt alarm to indicate when the laser is disturbed and has good water and dust resistance (IP64), and as easy to operate as pushing a button. The General A3 also has variable speed control.

Simply set up your tripod, attach the General A3 and push the 'On' button, the unit self-levels in seconds and you are ready to work.

The detector has LCD front and back for easy reading as well as coarse and fine settings and comes with a staff clamp all supplied in a hardcase BMC for safe transportation and storage.

**Kit includes Unit, Detector and clamp, battery charger and laser target.**

### **Specifications:**

Accuracy:  $\pm 3\text{mm}$  @ 30m.

Range: indoors 25m, outdoor with detector up to 150m+ radius, (300m+ diameter).
